Company
Profile 

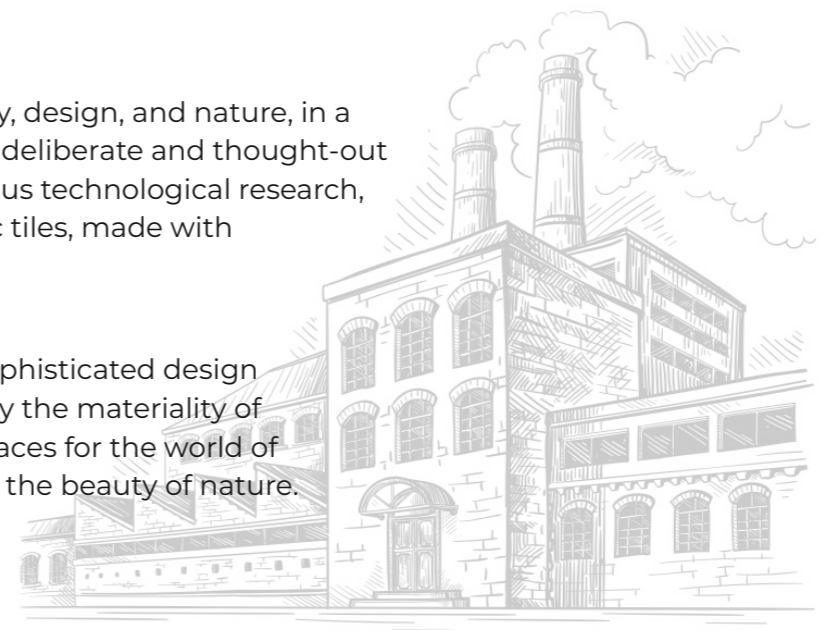

ENHANCEMENT

Square Metros is inspired by nature for the creation of surfaces that reflect the variability and beauty of tile coverings. The ceramic product is enhanced by technical qualities and the flexibility of modular formats, thicknesses, and finishes, to become a new material, in harmony with people and their surrounding environment. A sure solution to new design needs for making a better future.

Square Metros collections embody the combination of beauty, design, and nature, in a perfect equilibrium achieved through what has always been deliberate and thought-out approach. our constant commitment, supported by continuous technological research, has enabled us to improve and develop "sustainable" ceramic tiles, made with natural materials.

Square Metros tiles is a unique in surface, characterized by sophisticated design and high technological content. We are inspired by nature, by the materiality of its textures, the endless variety of its colours, developing surfaces for the world of architecture, and public and private construction that reflect the beauty of nature.

MISSION

Central to the Square Metros identity is the full expression of the "Made in India" concept, which today permanently melds tradition and innovation: the skills of talented artisan are employed to finish a product created by modern technologies, while the intelligence of the hands balances industrial precision with sensitivity and emotion.

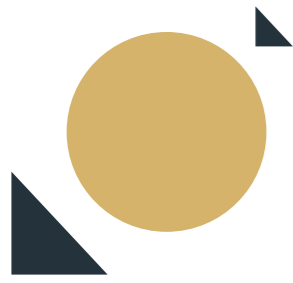

This high degree of know-how is constantly improved by the intensive research on materials and technological solutions thus enhancing the value of impeccable details

VISION

For Taking Our Purpose Of Restructuring The Designs
And Sustainability, Our Visionary Perception Is
Set On Reaching Worldwide Market For The Cause Of
Bringing Back The Era Of Reformation In
Ceramic World.

WORLD CLASS MANUFACTURING UNIT

Square Metros technologies are unique: they are devised, designed and implemented directly in-house at the company's own sites, and are all protected by international patents (which cover the know-how, mechanics and software).

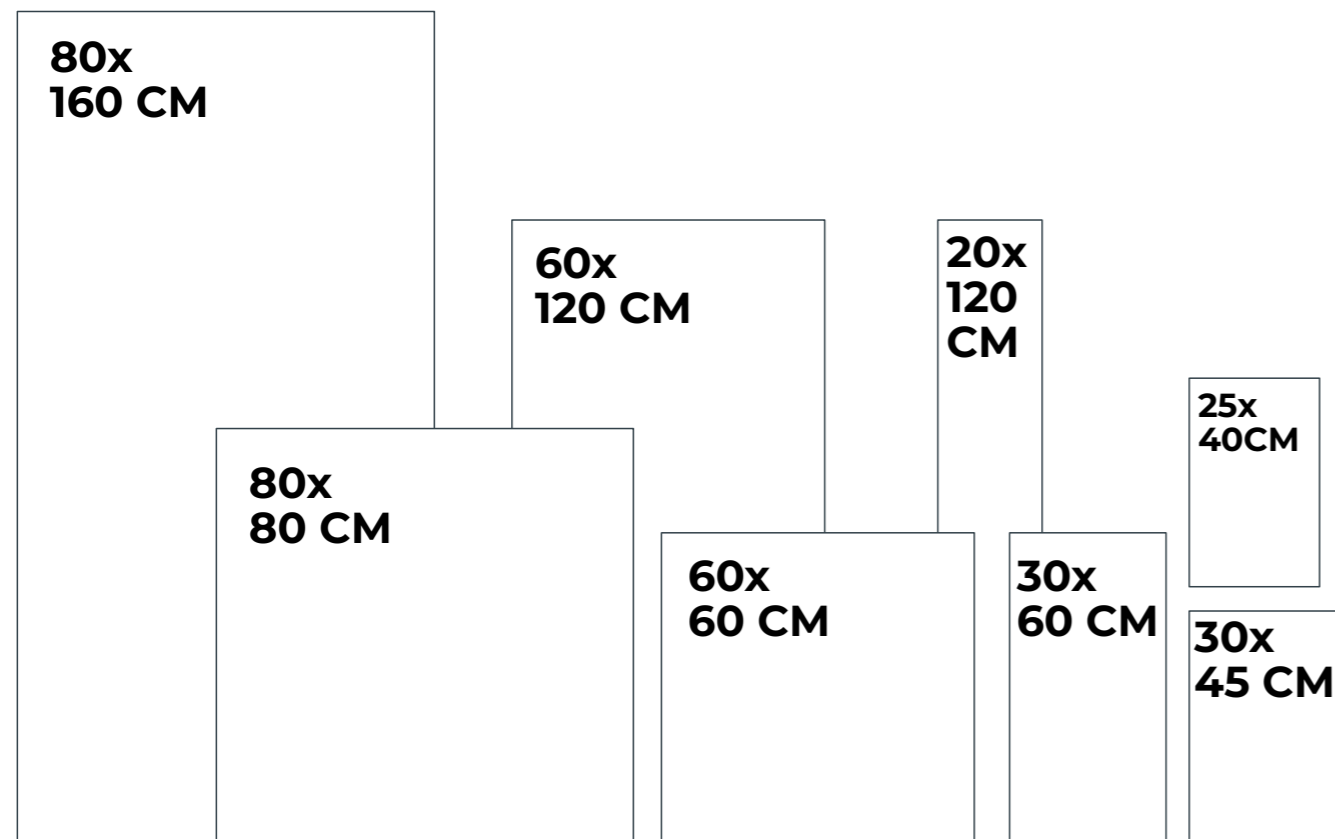

Square Metros high-tech porcelain tiles are made using only the choicest of natural and mineral raw materials which are subjected to a process similar to that undergone by rocks on our planet over millennia. Put to high pressure and intense heat (1300°) these raw materials, carefully researched worldwide, form a material of extreme compactness, homogeneousness and non-absorbency.

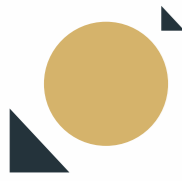

SIZE RANGE

Developed keeping in mind the rise in demand for better alternatives to natural stone, Marbellous Collection introduced larger size, improved thickness, and body homogeneity, which gives a stellar appearance to any space.

Glossy Collection	Matt Collection	Bookmark Collection	Endless Collection
Carving Collection	High Glossy Collection	Double charge Collection	Statuario Collection

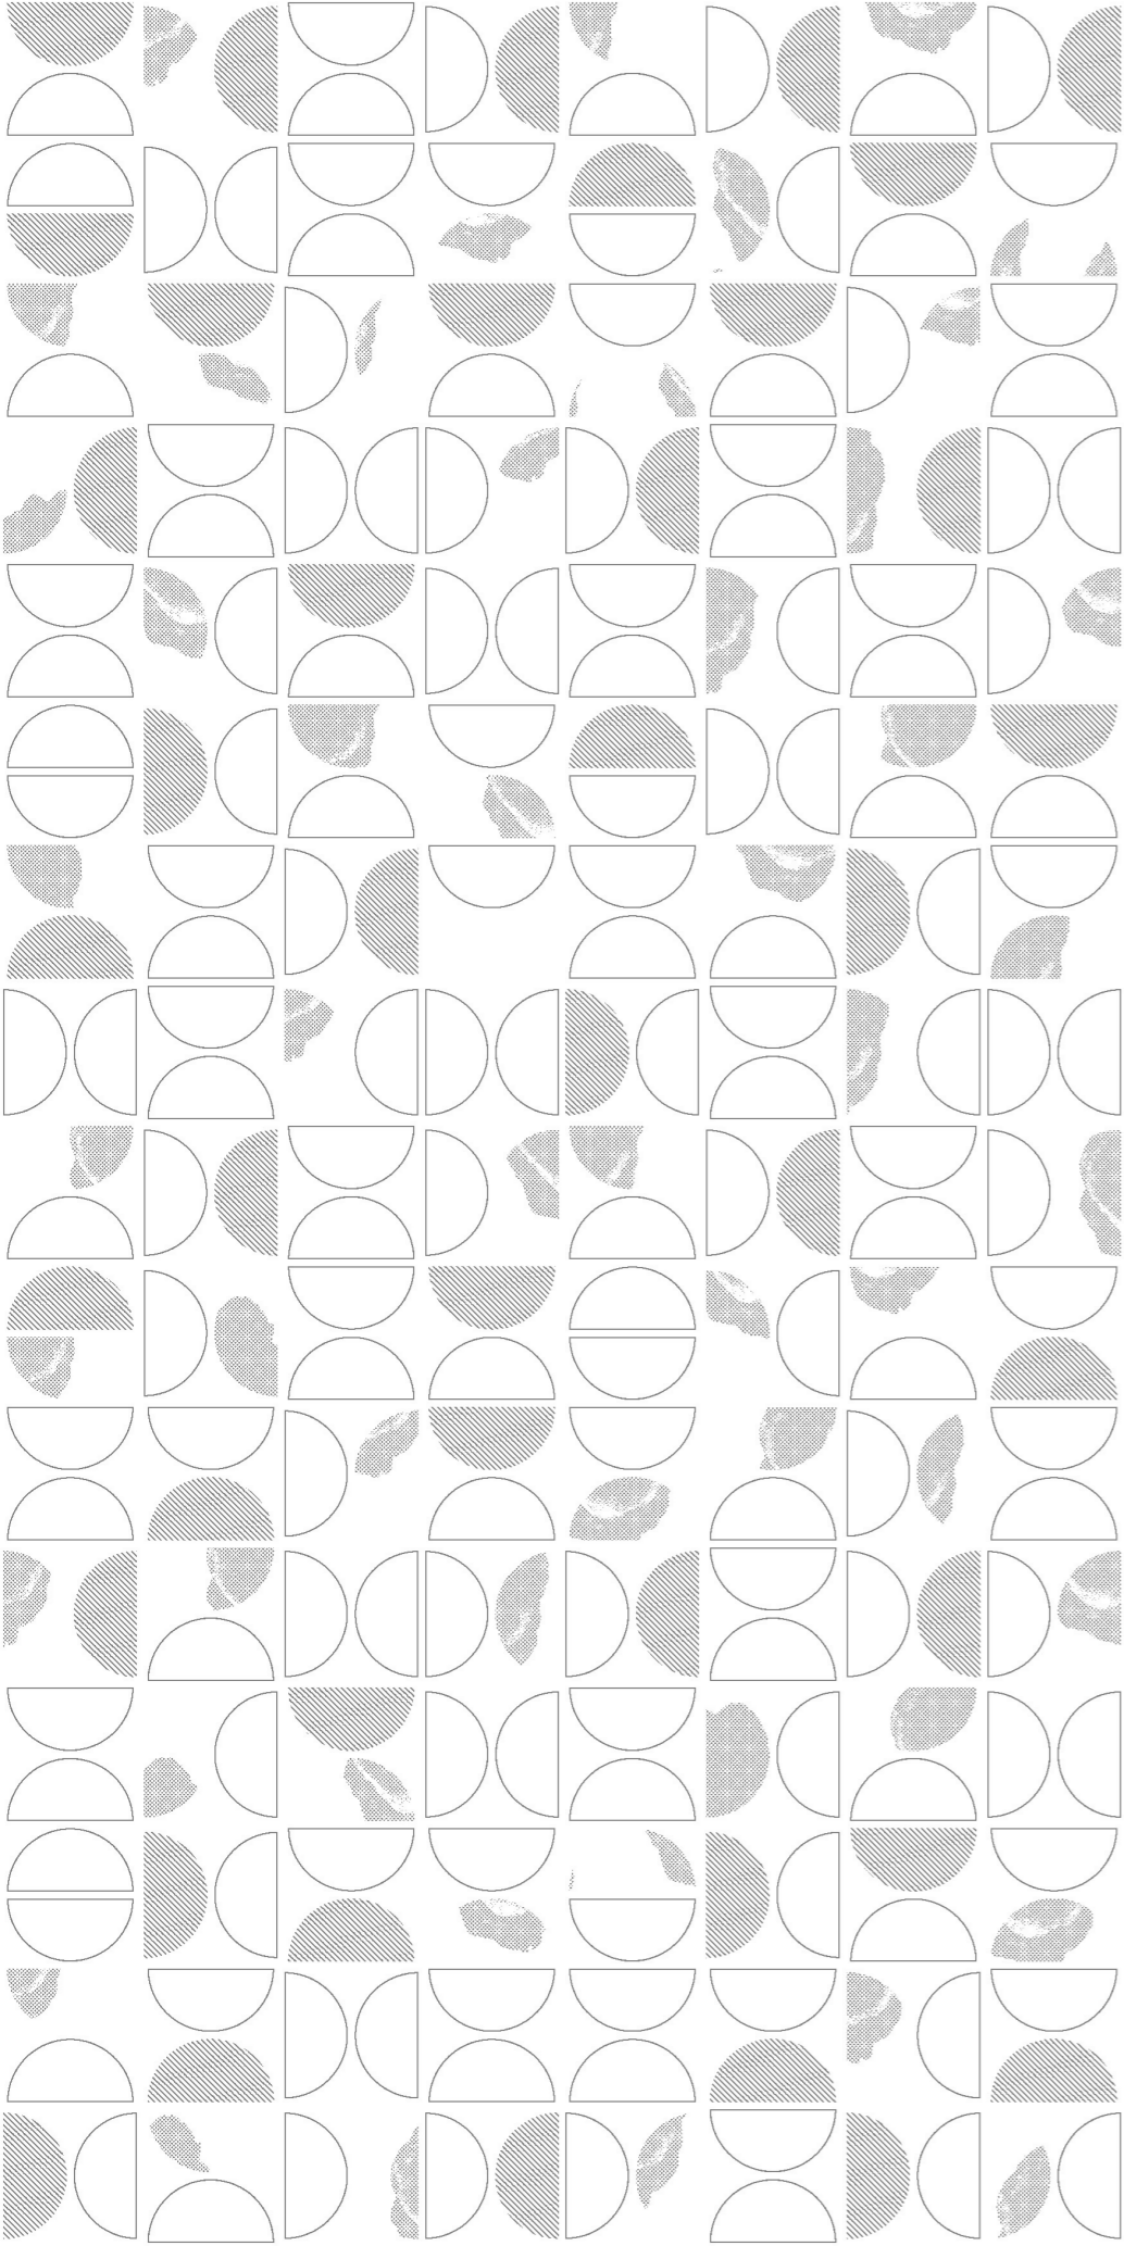

OUR INTERNATIONAL NETWORK

We offer efficient logistics support throughout the world, especially in Asia and Europe. Our excellent logistic service providers ensure that you are never too far from experiencing quality. With our efficient global network, you are assured of a delivery irrespective of where you are based in this world.
